DRAMA IMPROVES ENGAGEMENT & BELONGING

91% of students felt more engaged in school after participating in drama.

Saunders, J. N. (2019). *Dramatic interventions: A multi-site case study analysis of student outcomes in the School Drama program.* [Doctoral dissertation, The University of Sydney].

91% of students surveyed after participating in the *School Drama* program either agreed or strongly agreed with the statement “I feel more engaged in school after participating in drama”.
